## Message from the President

November was a busy month. For me, it began bittersweetly as I struggled to balance the joy of my children's Halloween celebrations with the anguish of yet another mass shooting in our country – this time targeting a synagogue not that much different from the ones I have attended with them. This was quickly followed by an election day that saw historic voter turnout nation-wide. In California turnout is being reported at 61.4% - nearly 20% higher than in the 2014 midterm elections – with figures in the 65% - 80% range for Bay Area counties. Much of this was fueled by young people, voting for the first time – the same young people who we work daily to encourage and empower to become informed and active citizens. As the month came to a close and I had the chance to spend time with my family and reflect on the year, this was one of the things I was most thankful for – to be part of a community that is working toward an inclusive and just future where the voices of our students will join ours to shape the world and opportunities we leave for our children and theirs.

## TONY THURMOND WINS!

Despite being outspent by more than 2-to-1 by billionaires backing former Wall Street banker Marshall Tuck and his scheme to privatize our public schools, Tony Thurmond prevailed thanks to the work of thousands of educators, parents, and public education supporters – including you! Thank you for stepping up for your students, your profession, and public education.
